ISMS Family of Standards Relationships

Relevant standards?

- Identity management
 - ISO/IEC 24760-1:2011 A framework for identity management -- Part 1: Terminology and concepts
 - ISO/IEC 24760-2:2015 A framework for identity management -- Part 2: Reference architecture and requirements
 - ISO/IEC DIS 24760-3 A framework for identity management -- Part 3: Practice (*in development*)
- PAS 1296: 2016 On-Line Age Checking: Code of Practice (*in development*)
- Digital Currencies PAS (*in development*)

Questions for discussion

- Who is going to use the standard?
- How soon does the standard need to be available?
- Is there a written down scope?
- What could the title of it be?
- Does the standard need to be audited against?
- Who else needs to be involved?
- Does the participation need to be UK, European or wider?
- Are there funders available to sponsor the initiative?
